**FOOD GRADE OILS****SYNTHETIC AIR SYSTEM OILS - USDA H1****Compressor Oils****TACO FG 32 • TACO FG 46 • TACO FG 68 • TACO FG 100**

TACO Synthetic Food Grade, Air Compressor Oils provide hours of trouble free operation in the vital area of plant compressor service. TACO FG Air Compressor Oils are formulated to minimize any oil carryover into plant air systems. TACO FG oils do not form harmful deposits; i.e. varnish, shellac and carbon. Extended valve and air/oil separator life.

- Extended drain intervals
- Lower volatility
- Excellent anti-wear protection
- No residues - continuous duty
- Reduce leakage
- Reduce power consumption
- Excellent compatibility

**Air Tool & Pneumatic Lubricating Oil****Clear Color/Non-Freezing**

ATO-FG is formulated for use in all air operated equipment. This special lubricant absorbs moisture and condensation out of air systems - up to 10% of its own weight, as it lubricates. This important feature helps eliminate rust and corrosion and equipment seizure.

ATO-FG eliminates that possibility of product contamination anywhere air operated equipment serves production, (i.e., packaging machinery).

- Sponges out air system moisture and condensation
- No gum or varnish deposits
- Cleans as it lubricates
- Eliminates equipment and part seizures.
- Anti-wear properties
- ISO 32 SAE 10
- Additional ISO grades available
- ATO-FG PTFE fortified available (Specify ATO-FG/TEF)
